research reveals specific weaknesses that you can exploit to increase your exam score more than you've ever imagined. Virginia Placement Test secrets includes the 5 secret keys to VPT success: time is your greatest enemy, guessing is not guesswork, practice smarter not harder, prepare don't procrastinate, test yourself. A comprehensive sentence skills review including simplicity is bliss, recognizing parallelism, understanding grammar type keys to using punctuation, beware of added phrases, clearing up word confusion, comparative methods, nonessential sections, maintaining the flow, serial mistakes. A comprehensive mathematics review including the easiest math review you'll ever read, solving for variables breezing through word problems, keeping probability simple, using the right formulas, graphing for success, racing through ratios, understanding line plotting, mastering difficult problems. A comprehensive reading review including determining the relationships, making strategic eliminations, recognizing switchback words, understanding word types, finding the right opportunities when truth doesn't equal correctness, avoiding the trap of familiarity, making logic work for you, skimming techniques to save time. A comprehensive writing review including approaching a topic, brainstorming for success, picking a main idea, starting your engines, strength through diversity, weeding your garden, creating a logical flow, and much more.

If you're a student entering community college in Virginia, you may be required to take a math placement test. The results of this test will determine whether you need to take remedial math before you can take the courses in your program. Remedial math could set you back a semester or a year in your program. This book is designed to help you prepare for the placement test so you can score well and move quickly toward your goal. It contains solutions and answer explanations for Northern Virginia Community College's practice questions for the test. Note: only solutions, not questions, are included in this book. The questions are found online; a link to them can be found in the book's introduction.

Community colleges in Virginia require new students to take a test for math placement. Often students do poorly on this test just because they are not prepared, and then they may get set back a semester or even a year taking developmental math. This book explains the answers to the practice questions for the Virginia Community College System's math placement test for the developmental math section. Only use it to prepare for the test so you can get the score you need to start college taking the math you want. Note: the questions whose answers are explained in this book are not included. To use the book, you will need to use the internet to see the questions or email the author who will send the questions to you.
