this work offers the first one volume comprehensive military history of modern south africa a military history of south africa from the dutch khoi wars to the end of apartheid represents the first comprehensive military history of south africa from the beginning of european colonization in the cape during the 1650s to the current postapartheid republic with particular emphasis on the last 200 years this balanced analysis stresses the historical importance of warfare and military structures in the shaping of modern south african society important themes include military adaptation during the process of colonial conquest and african resistance the growth of south africa as a regional military power from the early 20th century and south african involvement in conflicts of the decolonization era organized chronologically each chapter reviews the major conflicts policies and military issues of a specific period in south african history coverage includes the wars of colonial conquest 1830 69 the diamond wars 1869 81 the gold wars 1886 1910 world wars i and ii 1910 45 and the apartheid wars 1948 94

from early human civilisation to today this book illuminates the history of southern africa interweaving social cultural and political history archaeology anthropology and environmentalism neil parsons and alois mlambo provide an engaging account of the region s varied past placing african voices and agency at centre stage rather than approaching the subject through a colonial lens a history of southern africa provides an engrossing narrative of the region this textbook is ideal for both undergraduate and

postgraduate students of history and african studies and will provide an essential grounding for those taking courses in the history of southern africa its lively and accessible approach will appeal to anyone with an interest in global history

this atlas maps various time space dimensions of south africa s remarkable linguistic diversity to cast the geography of language within the conceptual framework of geolinguistics it shows how historical patterns of spatial language preponderance have developed to produce current patterns and allows understanding of the way landscape has become regionally ingrained in the vocabulary of languages here language is cast as a barometer of the social dynamics processes of space and place spatial convergence regional competition expansion and dominance segregation and assimilation ethnicity social ecology language identity social interaction and migration trends

south africa is popularly perceived as the most influential nation in africa a gateway to an entire continent for finance trade and politics and a crucial mediator in its neighbours affairs on the other hand post apartheid dreams of progress and reform have in part collapsed into a morass of corruption unemployment and criminal violence a short history of south africa is a brief general account of the history of this most complicated and fascinating country from the first evidence of hominid existence to the wars of the 18th 19th and 20th centuries that led to the establishment of modern south africa the horrors of apartheid and the optimism following its collapse as well as the prospects and challenges for the future this readable and thorough account illustrated with maps and photographs is the culmination of a lifetime of researching and teaching the broad spectrum of south african history nattrass s passion for her subject shines through whether she is elucidating the reader on early humans in the cradle of humankind or describing the tumultuous twentieth century processes that shaped the democracy that is south africa today

first published in 1988 the dictionary of contemporary politics of southern africa provides a guide to the often confusing politics of southern africa the book identifies and explains political figures organisations systems and terminology from the region in a clear and practical way it covers eleven countries angola botswana lesotho malawi mozambique namibia south africa swaziland tanzania zambia and zimbabwe although first published in 1988 this book will be a valuable resource for journalists students diplomats business people and anyone else who is interested in the politics of this richly diverse continent

this title was first published in 2002 has the south african post apartheid state been able to

achieve its stated goals what has been the relationship between the process of educational reform and the impact on the state of the constitution and other laws this seminal book responds to these questions by examining the development and implementation of social policy in south africa during the first years of democratic government particularly in relation to education the post apartheid state was immediately faced with a broad spectrum of political social economic and human rights issues the research analyzes whether the aims and objectives of the new administration were achieved no other single collection of research in south africa collectively explores the issues raised in this endeavour the book will appeal to a wide range of professionals including researchers academics planners policy makers public servants and postgraduate students

irresistible addictive out of bounds

this book provides readers with the first comprehensive study of south africa s foreign policy conducted in a multilateral setting by placing on record over 1000 of south africa s votes at the united nations over a 20 year period the study investigates consistency in terms of south africa s declared foreign policy and its actual voting practices at the united nations democratic south africa s foreign policy voting behaviour in the united nations offers a compendium of south africa s united nations behaviour during a poignant transitional period in the country s recent history in setting out a framework for analysing the conduct of other countries voting behaviour in parallel with this study it can be used to advance the field as a useful comparative tool this book presents the material needed for international relations scholars and practitioners in the field to make a reasoned and reflective assessment of this dimension of south africa s foreign policy

the relationship between research on the one hand and policy practice on the other hand is complicated and collaboration between scholars in research on higher education rhe and institutional research ir practitioners is often lacking this book marks a collaborative effort of a diverse range of south african rhe and ir scholars and asks the overarching questions what do we know about the utilisation of south african research on higher education sarhe and its subset of research known as institutional research how and by whom is this research used the book begins by looking at the historical underpinnings of sarhe and delineating the shape and size of this body of research this is followed by a series of case studies on south african higher education institutions and governmental bodies investigating how when and by whom are research on higher education and institutional research used in the decision making of these organisations this book is the

first of its kind in south africa and sets out to lay the groundwork for further research into the use uptake and utilisation of rhe and ir in this country
